

International Business Law

Teacher: Dr. Enrique Linares Rodríguez

OBJECTIVES

The objective of the course is both to deliver cutting-edge law content and to sharpen skills in leveraging the acquired knowledge in the real business world. International business law deals with cross-border operations typical of business activity in the global environment. Its fundamental content, taught over a four-month period, covers the most relevant regulatory sectors of international commercial activity.

LEARNING OUTCOMES

Upon completion of the subject, the student will be able to know:

- The reality of cross-border business.
- The main public and private institutions of this branch of the legal system.
- How to carry out a critical analysis of international business law.
- Legal sources.
- Negotiation, argumentation, and arbitration.
- Reading, interpreting and writing legal texts.

CONTENTS OF THE COURSE

- Industrial and intellectual property.
- Antitrust law.
- Unfair competition law.
- Corporate law.
- International contract law.
- International commercial arbitration.
- Investment arbitration.
